NPIC Project J-192/63

25X1A

Location: 8 nautical miles northwest of
Te-hsien, China, at the northeast end of Ku-
cheng Airfield

Site configuration: Undetermined

Site status: Undetermined

Remarks: This probable SA-2 surface-
to-air missile (SAM) site has been newly identi-
fied on KEYHOLE photography.

The site consists of five probable launch
positions along a circular road and a centrally
located probable guidance area. Radials from
the center to each position along the circular
road average 245 feet, with an average sep-
aration of 275 feet between positions.

A road extending from an apron at the
airfield leads directly to the site.
